About Naval Tech

Welcome to Naval Tech Fabrication, where we aim at providing the best industrial machinery and solutions. Our journey began with a simple idea: to help industries modernise and set a standard of highest quality machinery all over planet. Since our inception in 2015, we've grown into a leading force in the industrial machinery industry and services, pioneering best quality solutions for suppling world class machinery at affordable rates.

What Sets Us Apart

Innovation and Sustainability: *What sets us apart is our unwavering commitment to innovation and sustainability. We combine cutting-edge technology with sustainable materials to develop products that are both efficient and eco-friendly.*

Customer-Centric Approach: *We prioritize our customers' needs above all else. Our team of experts is always ready to provide personalized advice, and our products are designed with user-friendliness in mind. Your success as a industrialist is our top priority.*

Our Mission

Through technology to the stars:

At NTF, our mission is to empower companies to create and maintain world class standards of testing through continued innovation and sustainable machinery.

Our Story

It all started in the mind of our founder Naval Kishor Sachan, who dreamt of a bringing world class machinery and technology solutions to India where everyone could achieve global standards of testing and technology. Fueled by this vision, he embarked on his journey to reshape the industrial testing equipments market.

Join Us on the Journey

We invite you to join us on our mission to make sustainable and standardised machinery accessible to all.
